RE: Department of Labor Safety Inspection

Inspector Laramie arrived at approximately 9:30am for an unannounced safety inspection that was initiated by a complaint from an anonymous member of the public. The issue at hand was the ability of employees to safely vacate the records storage room ("the vault") in the event of an emergency.

It was determined that no violations of New Hampshire law exist in the records storage room ("the vault").

Please do not hesitate to contact me with any question.

Respectfully,
