Re: Registry of Deeds bid for Records Restoration

Dear Commissioners:

Three proposals for a Land Records Management System for Carroll County were received.

A careful review of the proposals reveal that AIT LLC's reply adheres to specifications set forth in the RFP. The vendor shall produce and demonstrate to the Register of Deeds a fully working system tied to Carroll County images and index data prior to a final decision on the terms and duration of a contract.

It is my recommendation that the software and support proposed in the AIT LLC reply be accepted by the Board of Commissioner's.

Sincerely,

Lisa Scott
